

We'll begin our article review this term using an article from Chemical and Engineering News published for members of the American Chemical Society (ACS). To find the article please go <http://pubs.acs.org/cen/> , then click on the archives tab towards the top of the page. The article we want is from volume 82, issue 9 from March of 2004. The cover story is titled Drug Delivery. From the table of contents, please select Forensic Science under the employment section (towards the bottom of the table of contents). We'll discuss this article on Wednesday, April 15<sup>th</sup> in class. Final drafts will be due the on Monday, April 20<sup>th</sup> in class.
